

Penelope Tobin

Testimonials

Neill Corporation conference, January 2014, New Orleans

"Penelope was a delight to work with! Everything was perfect.....the way she worked with the production company in making sure everything was communicated clearly, to the way she worked with the local jazz band, to how she performed. Let me emphasize perform...that voice...Wow!!!!"

Having Penelope end the conference was the perfect choice! The theme of our conference was Trust Me and the way that she was able to tie her message to the theme was brilliant."

'Trust Me' participants said...

"Loved Penelope!!! I feel like she summed up what the two days were all about and echoed many of the messages I had heard. The presentation was creative, engaging and insightful. She really captured where leadership and business should be going right now."

Larry Browne, Los Angeles, USA

"We had the opportunity to attend the amazing closing keynote address by Penelope Tobin. This truly unique multi-media presentation involved Penelope's amazing voice and piano playing, accompanied by a local jazz band. All this was coordinated to her powerful power point presentation, providing an exceptional sensory experience. As I looked around, I found the audience of 1500 to be mesmerized! Thank you for an incredible, thought-provoking experience!"

Patti and Rick Shade, Denver, USA

"The Jazz of Business was the sexiest segment I've ever seen in any conference, any time."

Lucy Grey, San Francisco, USA

REdirect conference, January 2014, New York

"Penelope really "jazzed up "our 2014 Team Summit. Her presentation tied in directly in a practical way both with our theme – *Communication for Dispersed Teams* – and the work we have been doing with her over the last year.

The way Penelope broke it down for the entire group and inspired us to be both collaborative and inventive was magnificent.

This set a tone that resonated beyond just her session and continues to do so for our colleagues throughout the US today."

Alan Ilberman: Director, REdirect, NYC, USA
